Statement

I am a motivated designer with a passion for creativity and problem solving.

History

■ UI/UX Designer, Freelance, Remote

August 2017 - Present

- Work well independently and on a team to solve design problems
- Strategize with UI/UX teams to meet deadlines
- Test, host, and monitor web apps on several different platforms

■ UI/UX Designer & Shopify Developer, Lesojo, Los Angeles

Dec 2021 - Present

- Brought forth an excellent understanding of current ui/ux trends
- Heavily modified Shopify theme to fit Lesojos mood
- Implement modern product branding techniques

■ UI/UX Designer, ArmeniaJPG, Remote

June 2021 - Present

- Optimize website content and load technique for faster loading times
- Develop micro animations throughout the site for enhanced user experiences
- Design and create web & email templates using HTML, CSS, & JavaScript

Education

Coding Dojo, Los Angeles

January 2018 - April 2018

Completed a Full Stack Web Developer Program @ Coding Dojo - Los Angeles. Had amazing teachers and met some of the greatest developers on the planet.

Cherished Memory: Worked in groups every morning to understand various methods of data manipulation. For the most part, everyone had a different answer to solve the same problem. Then it was just a matter of efficiency.

Featured Work

- **Tote&Carry** mobile app design and prototype
- **Personal Space MB** shopify enhanced user login feature
- **BabyGold** optimized instagram feed on shopify site

Details

Los Angeles, CA
