Michael Arakilian

Full Stack Developer

Statement

My passions involve many things but i'd say my desire for constant creativity would top them all.

History

▌Manager, EJewelsUSA, Los Angeles

March 2021 - Present

- Optimize SEO, which led to an increase of sales by ***900%***
- Build automation cycles which helped increase overall productivity
- Create Web and Email Templates using HTML, CSS, & JavaScript

▌Freelance Developer, Remote

August 2017 - Present

- Work well independently and on a team to solve problems
- Strategise with UI/UX teams to meet deadlines
- Build email templates using HTML, CSS, and JavaScript
- Test, Host, and Monitor Web Apps on several different platforms

▌Asst. Manager, Pyramid Special Jewelry, Los Angeles

July 2016 - December 2020

- Brought forth an excellent understanding of current trends
- Developed applications to manage retail/wholesale orders
- Implemented and extended several different open-source tools to help with automation and increase overall productivity

Education

Coding Dojo, Los Angeles

January 2018 - April 2018

Completed a Full Stack Web Developer Program @ Coding Dojo - Los Angeles. Had amazing teachers and met some of the greatest developers on the planet.

Cherished Memory: Worked in groups every morning to understand various methods of data manipulation. For the most part, everyone had a different answer to solve the same problem. Then it was just a matter of effeciency.
