Education

Coding Dojo, Los Angeles

January 2018 - April 2018

Completed a Full Stack Web Developer Program @ Coding Dojo - Los Angeles. Had amazing teachers and met some of the greatest developers on the planet.

Cherished Memory: Worked in groups every morning to understand various methods of data manipulation. For the most part, everyone had a different answer to solve the same problem. Then it was just a matter of efficiency.

Featured Work

- **Personal Space MB** shopify enhanced user login feature
- **BabyGold** optimized isntagram feed on shopify site
- **Tote&Carry** mobile app design and prototype
